

Bona® Belt

- Innovative compact chassis for easy maneuvering
- Transport wheels
- Poly-V drive belt increases power and is even more efficient than normal drive belts.
- Adjustable, double feather handle and lever operation
- Atomic DCS® compatible
- 6" height adjustable handle

8"/10" Belt Sander

The Bona Belt definitely stands out from any other belt sander, boasting a powerful motor with the new Poly-V drive belt. This state-of-the-art feature brings even more power to the drive belt and efficiency to the motor.

Weighing in at 182.5 or 175 pounds depending on drum size, Bona Belt has plenty of weight to put the power where you want it—on the floor.

Still, it's easy to handle, and separates in seconds for easy carrying. A nose weight is included to make the belt more aggressive when additional drum pressure is desired on the first cut.

The Bona Belt is also Atomic DCS® compatible, meaning healthier working conditions for you, better finish results, and more satisfaction from your customers.

The Bona Belt comes complete with 50 feet of 10/3 yellow non-marking cable; quick release, high-profile waist belt, dust bag, tool kit, 1-year warranty, and owner's manual.
